

# Can't Stay Mad

Danielle Bradbery

Said to meet you at 9 o'clock at your house  
Read your text, said 9:30, and you're still out  
Can't believe I'm still parked here  
Waiting at your place, oh

You show up with a couple friends  
Right now, I'm seeing red  
I know you can tell, oh  
You whisper my favorite words  
"Calm down, pretty girl  
You know you're my whole world."

Boy, I can't stay mad at you  
Why you gotta look that good?  
I was ready to drive away, 'til I looked into your eyes again  
Now I can't stay mad at you, oh  
I can't stay, I can't stay  
I can't stay mad at you  
I can't stay, I can't stay mad

You forget things, you're kinda messy, you're reckless  
Something about it's kinda sexy, I like it  
You know how to make me crazy  
We've been down this road, oh

You say a couple words  
I say something worse  
You say you're sorry first

Boy, I can't stay mad at you  
Why you gotta look that good?  
I was ready to drive away, 'til I looked into your eyes again  
Now I can't stay mad at you, oh  
I can't stay, I can't stay  
I can't stay mad at you  
I can't stay, I can't stay  
No matter what I do  
I can't stay, I can't stay  
I can't stay mad at you  
Mad at you  
Mad at you  
Yeah...

Whisper my favorite words  
"Calm down, pretty girl,  
You know you're my whole world."

Boy, I can't stay mad at you  
Why you gotta look that good?  
I was ready to drive away, 'til I looked into your eyes again  
Now I can't stay mad at you, oh  
I can't stay, I can't stay  
I can't stay mad at you  
I can't stay, I can't stay  
No matter what I do  
I can't stay, I can't stay  
I can't stay mad at you

Mad at you  
Mad at you
