

# Above And Beyond

DaniLeigh

Racks on me, cut my feelings off  
Numb to you, I don't feel at all  
You keep taking me for granted  
Let it fly, look where we landed  
What a waste I had to throw that shit away  
I forgave all your mistakes  
Did me dirty still got a clean slate  
It was dumb for you to let me get away

I know you know  
I go above and beyond  
'Cause you don't wanna grow  
'Cause I go above and beyond

You don't take responsibility to say you wrong  
I've been waiting for it  
Plus two wrongs doesn't make it right so I'ma just move on  
Lucky me and poor you

Tryna drive me crazy, I got off on the road  
Make the wrong move and we all getting towed  
Zero respect, did it all for the hoes  
You ain't had to cut it for the dreams that you sewed

You had too many sides I had to dip, dip  
I'ma poor sport, I had to quit, quit  
I refuse to be gassed like a quick trip  
While you're tryna patch it up like slick Rick

I know you know  
I go above and beyond  
'Cause you don't wanna grow  
'Cause I go above and beyond
