DaniLeigh

I bet you feel like shit for dat  
Tried to expose me, showed yo ass  
That type shit ain't no comin back  
So keep yo hoe ass where you at

You livin' life with actions you could never face and  
You such a coward, run away from conversations  
Think you entitled but I really could replace you  
Said fuck the title but my shit up in your place and  
Like you ain't tell me to come here to raise our baby  
How am I gon' trust you to raise her into a lady?  
Putting our private shit public, you outta pocket  
How you gon' cap? Call me a side bitch, boy just stop it  
Oh

'Cause you know what it is  
Throwing stones and mixing hoes in our business  
Got these blogs posting all this fake shit  
You know that you dead wrong

I bet you feel like shit for dat  
Tried to expose me showed yo ass  
That type shit ain't no comin back  
So keep yo hoe ass where you at

With all the cap, cap, cap  
Cap, cap, cap, you such a Capricorn  
With all the cap, cap, cap  
Cap, cap, cap, you such a Capricorn  
With all the cap, cap, cap  
Cap, cap, cap, you such a Capricorn  
With all the cap, cap, cap  
Cap, cap, cap, you such a Capricorn

All that cap you doin' I be peepin  
Thinkin I ain't see it  
Time to choose up on you 'cause you givin' hella reasons  
If it ain't 'bout the baby we ain't speakin  
Pick her up when it's your weekend  
'Cause all that other shit you talkin', man I swear you just be reachin'  
Gotta skrrt off from that shit that drove me crazy  
Only thing that I drive is my Mercedes  
No, you won't have me when you want me, you can't play me  
I'll be by my lonely 'fore I let you dub me  
Ain't no for discussion, no no

'Cause you know what it is  
Throwing stones and mixing hoes in our business  
Got these blogs posting all this fake shit  
You know that you dead wrong

I bet you feel like shit for dat  
Tried to expose me, showed yo ass  
That type shit ain't no comin back  
So keep yo hoe ass where you at
