

# Easy

DaniLeigh

Yeah, yeah

Let me catch ya vibe, let's just take our time  
Just relax your mind and take it easy  
Don't have to decide, you do, I do, I  
Don't have to be mine, let's take it easy

Damn, we so fi', bae  
Whippin' through the 305 highway  
Love it how you ride in the fast lane  
Make me wanna say, "That's my babe," yeah  
Dani gotta behave, gotta be chill like a Sunday  
Never wanna look too thirsty  
But your drip got me feeling wavy

Make you feel lucky, lucky  
Make you wanna love me, love me  
Baby, when you're with me, with me  
Got no worries, worries  
I love it when you touch me, touch me  
Feelin' so lovely, lovely  
Make me wanna love me, love me  
Make me feel lucky, lucky

Let me catch ya vibe, let's just take our time  
Just relax your mind and take it easy  
Don't have to decide, you do, I do, I  
Don't have to be mine, let's take it easy

Hey, yeah  
Let's take it easy  
Hey

When you pull up on my side, babe  
Speeding on that 101 highway  
Moving too fast can you feel the pace?  
But you see that look in my face  
And you know what it is  
Pedal to the metal, all gas, no brakes  
Girl, I would never get in your way  
I'm 'a shut up and let you drive  
Put that thing to the floor  
One for the ride

Make you feel lucky, lucky (lucky)  
Make you wanna love me, love me (love me)  
Baby, when you with me, with me (baby)  
Got no worries, worries (worries)  
I love it when you touch me, touch me (touch me)  
Feelin' so lovely, lovely  
Make me wanna love me, love me (ooh, oh)  
Make me feel lucky, lucky (ooh, no, baby)

Let me catch ya vibe, let's just take our time  
Just relax your mind and take it easy  
Don't have to decide, you do, I do, I  
Don't have to be mine, let's take it easy

Hey, yeah  
And take it easy  
Hey  
Let's take it easy  
Hey, yeah  
And take it easy
