Ex

DaniLeigh

How long has it been
Since we've talked we've really talked
Messages read convo gray... it's all you but
I met someone new but can't even love right
It's messed up how messed up, you messed my mind up

I gave all my feelings to my ex
I left em behind
Maybe they still sittin by his desk
Or maybe you can check up in the closet or the bed
I bet they still there
I bet they still there

Tryna give my feelings to the next
I told him don't feel bad, I got no feelings gon none left
They're all up in his room I swear that it's a fucking mess
I bet they still there
I bet they still there

I still need love could you give it to me babe
I know it's not fair to ask you to do that
You gotta understand
I can't trust no man
I'ma leave nothing unsaid
Til you comprehend

I gave all my feelings to my ex
I left em behind
Maybe they still sittin by his desk
Or maybe you can check up in the closet or the bed
I bet they still there
I bet they still there

Tryna give my feelings to the next
I told him don't feel bad, I got no feelings gon none left
They're all up in his room I swear that it's a fucking mess
I bet they still there
I bet they still there

You should let me go, I'm no good for you, no no
Maybe down the road, we can still be cool, yeah yeah
But right now I'm lost, don't deserve you
I wanna treat you right, right now's not the time
