

Flame

DaniLeigh

Niggas lie I'm the ring leader in this circus (yeah, yeah)
Working hard you can hear it all in my verses
Apologize if the way I flex make you nervous
Shit is deep at the surface
I'm just sayin' it's all worth it

Cause lately, wow
Yeah, I been cooking in the kitchen, yeah
Cause I been flexing on my mission, oh
And now I got my haters wishin', yeah

I'm too lit I got the flame (I'm too lit)
My lingo flow they know that I've been switching lanes (I'm so lit)
Lo siempre va ganar cause I got fuckin' aim
Now you can try but now we ain't the fuckin' same

You say that that's lightwork
Ice my wrist than freeze they time
[?] on that rolling stone
I do what I want this time (yeah yeah)
All I know is dollar signs
Paper yeah let's roll those one's

Cause lately, wow
Yeah, I been cooking in the kitchen, yeah
Cause I been flexing on my mission, oh
And now I got my haters wishin', yeah

I'm too lit I got the flame (I'm too lit)
My lingo flow they know that I've been switching lanes (I'm so lit)
Lo siempre va ganar cause I got fuckin' aim
Now you can try but now we ain't the fuckin' same

Skrr skrr, flame
Skrr skrr, same
Skrr skrr, aye
No we ain't the same (yeah, no)
They throwin' dirt on my name
Throw that shit off like Jay
I got a brand new chain
No we ain't the same

I'm too lit I got the flame (flame)
My lingo flow they know that I've been switching lanes (flame)
Lo siempre va ganar cause I got fuckin' aim (flame)
Now you can try but now we ain't the fuckin' same (flame)
