

Mistreated

DaniLeigh

Feelin' mistreated

Feelin' mistreated for a while now, yeah, yeah
I took a time out, now a bitch about to slide out
I been feelin' mistreated for a while now
I took a time out, now a bitch about to slide out

Don't belong to you no more
Said I don't belong to you no more

Damn, you learned a valuable lesson
When you lost the best that you had
Yeah, it got me like damn, I thought I would be feelin' a way
But I'm washin' my hands, yes, I am

No longer will I be mistreated
All that lyin' and beggin' for shit
Got a girl feelin' sea sick
Yeah, you text me you love me
But how many others received it?
Gave you all of my love and you owned it
You signed that agreement
But I'm not your property, your property no more

Feelin' mistreated for a while now, yeah
I took a time out, now a bitch about to slide out
I been feelin' mistreated for a while now
I took a time out, now a bitch about to slide out

Don't belong to you no more
Said I don't belong to you no more
Don't belong to you no more
Said I don't belong to you no more

Oops, I guess that you thought you still had it
You used to wake up and grab it
You started treatin' me average
I dealt with you and your baggage, tragic
Had you a queen but you wanted a ratchet

Wanted me to stay home while you live it up
Held you down, I ain't give it up
I used to wanna be the one you chose
And now I feel alone
Whether you're here or gone

No, I won't be mistreated
All that lyin' and beggin' for shit
Got a girl feelin' sea sick
Yeah, you text me you love me
But how many others received it?
Used to have me wrapped around your finger
Now I don't need ya
You lost out on a keeper
Got me feelin' mistreated

Feelin' mistreated for a while now

I took a time out, now a bitch about to slide out
I been feelin' mistreated for a while now
I took a time out, now a bitch about to slide out

Don't belong to you no more
Said I don't belong to you no more
Don't belong to you no more
Said I don't belong to you no more
