Pull up swang  
Strike a pose  
Catch a vibe  
We on a roll  
What it look like  
Bitch I'm on  
Ya ya, I'm on

I used to be so broke waiting on pay day  
And now I got these bands coming from every way  
I always use to be the one to always double back  
And now they tryna catch me like a relay

We be goin so crazy  
We the life of the party  
Everybody we vibin  
We just getting retarded  
We so litty we faded  
Popping bottles we made it  
Man they said I wouldn't get it  
Went and got it regardless

Pull up swang  
Strike a pose  
Catch a vibe  
We on a roll  
What it look like  
Bitch I'm on  
Ya ya, I'm on

And now they always blowing up my line  
Same ones told me I would never shine  
I can't believe they always hating from the side  
All I know is... roley it's my time

We be goin so crazy  
We the life of the party  
Everybody we vibin  
We just getting retarded  
We so litty we faded  
Popping bottles we made it  
Man they said I wouldn't get it  
Went and got it regardless

Pull up swang  
Strike a pose  
Catch a vibe  
We on a roll  
What it look like  
Bitch I'm on  
Ya ya, I'm on
