

# Only Wun

DaniLeigh

Boy you should know how to treat a lady  
You send me on a ride without no breaks  
Boy you should know how to drive me crazy  
I want you, I want you  
Aye  
I just want to vibe for a minute  
Take a trip we drive for a minute  
Mabey later on we can count the stars yea the sky is the limit yea  
Just want to see you smile for a minute  
Just keep it you and I for a minute  
Or we can just sit and do nothing about it

There's 1 I would do  
Is make this night for you  
Its hard to keep my cool  
Its only wun  
Cause its only  
Only wun  
Only wun  
Only wun  
One thing I want  
Only wun  
Cause its only  
Only wun  
Only wun  
Only wun  
One thing I want  
Only wun, wun  
Cause its only

Boy you got me feelin some kind of way  
And I know that we're only getting started  
You stay right there, let me admire you from my view  
We ain't gotta rush, no babe, ain't no time in today  
Cause its more to this, more to us, more of me, more of you  
Lets enjoy the night, do some things we ain't used to  
Just want to see you smile for a minute  
Let's keep it you and I for a minute  
Or we can just sit and do nothing about it  
There's one I would do  
Is make this night for you  
Its hard to keep my cool

Its only wun  
Cause its only  
Only wun  
Only wun  
Only wun  
One thing I want  
Only wun, wun  
Cause its only  
Only wun  
Only wun  
Only wun  
One thing I want  
Only wun, wun  
Cause its only

There's one thing I would do  
(Cause its only)  
Is make this night for you  
(Its only wun)  
I just want to vibe for a minute  
Take a trip we can drive for a minute  
(With you)  
You stay right there, let me admire you from my view
