NEØN LIGHTS

Danity Kane

It's 2 AM, the party's winding down
I'm feeling like I shouldn't drink this one
Throw it back, shoot your shot
Hit me with your smoking gun

It's one of them nights, I feel it
It's one of them nights, I feel it
It's one of them nights, no inhibitions
It's one of them nights, I feel it

We'll just see how far
We can get lost
Turn down the night
Turn on my neon lights
Turn on my neon lights
Turn on my neon lights

It's 3 AM, the party's over now
Let's take this energy and light this town
Your lips are fire on my skin, slow burn
So let this flame burn till it's over

It's one of them nights
It's one of them nights, I feel it
It's one of them nights, no inhibitions
It's one of them nights, I feel it
It's one of them nights, I feel it

We'll see how far
If we can get lost
It's one of them nights, I feel it

We'll just see how far
We can get lost
Turn down the night
Turn on my neon lights

All night
(Turn on my neon lights)
All night
(Turn on my neon lights)
All night
(Turn on my neon lights)
All night
(Turn on my neon lights)

And if you wanna get lost (I feel it)
(Turn on my neon lights)
And if you wanna get lost (I feel it)
(Turn on my neon lights)
And if you wanna get lost (I feel it)
(Turn on my neon lights)
And if you wanna get lost (I feel it)
(Turn on my neon lights)

It's one of them nights, I feel it

We'll just see how far
We can get lost
Turn down the night
(Turn on my neon lights)

Turn on my neon lights
