

## Dr. Evening

Danko Jones

Ha, ha, ha, ha

Hey little man don't you understand when Dr. Evening comes around

That woman you call your girlfriend  
won't be your woman when the sun comes down...step off!

Hey little man don't you understand when Dr. Evening comes around

That woman you call your girlfriend  
won't be your woman when the sun goes down  
If she wants me she's got me  
Dr. Evening says whatever makes her happy  
that woman just ain't your woman no more... step off!

Ha, ha, ha, ha, yeah

Oh Baby when I got you in the middle of the night  
I can feel your heartbeat a pumping  
and your arm wrapped around me tight  
Now we can try several positions and all of them a compromise,  
because the only thing that I want to see right now  
is your boyfriend's look of surprise....step off, ha, ha

Alright, alright, Dr. Evening comes alive when the clock strikes 12 o'clock

Get on the floor, get in the mood, the mood that hits the spot  
Are you ready baby, ok  
Now if you can't wait to gyrate  
You need it now or you'll suffocate  
Dr. Evening's got that elixer for your insatiable state  
Try it on, alright try it on

You like it?

You like it?

I knew you'd like it baby  
Oh yeah

When the evening comes I come alive
