

## Peacock Stomp

Danko Jones

I'm custom fit for your body  
I fit you like a glove  
If you try me on for size  
I am always in style

And if you wanna get real high  
I'll make it worth your while  
Because when I want something I want it  
And when I like something I get it...and I like you

I set it straight 'cause I sit straight  
Straight from the hip, mama  
And if you wanna know the god honest truth  
I put my money where my mouth is in  
And start sucking

Uh, uh, ahuh

Oh yeah baby  
And if you want me on my knees  
You got me on my knees

And if you wanna get real high  
I'll make it worth your while  
Because when I want something I want it  
And when I like something I get it...and I like you

I'm a man of many talents  
I always win first prize  
If you're a lady who likes what she sees  
I am a stick of dynamite

I'm custom fit for your body  
I fit you like a glove  
If you try me on for size  
I am always in style
