

# Stiff Competition

Danko Jones

You look good  
You look good  
Everybody knew you would  
You're the talk of the town  
When you're walking up and down  
People stop  
People stare  
They have nothing to compare  
How you look  
People shook  
I think you caught them unaware

You look fine  
All the time  
Sending shivers up their spines  
There's a lot going on  
With your high heels on  
It's a scene  
It's a dream  
From a fashion magazine  
Walking round being loud  
It seems you like attracting crowds

You're the definition of stiff competition  
You're the definition of stiff stiff stiff stiff stiff competition

You look hot  
They cannot  
Concentrate things always stop  
You're a sight  
For sore eyes  
You walk by people surprised  
Time is now  
Take a bow  
The only word to say is wow  
Gotta know  
It's a show  
And the main attraction is you

You're the definition of stiff competition  
You're the definition of stiff competition  
You're the definition of stiff competition  
You're the definition of stiff stiff stiff stiff stiff competition

Now you're looking fancy  
It's obvious you already know

You're the definition of stiff competition  
Yeah, you're the definition of stiff competition  
You're the definition of stiff competition  
Yeah, you're the definition of stiff competition  
Of stiff competition  
Of stiff competition  
You're the definition of stiff competition  
Of stiff competition  
Of stiff competition
