

History Will Decide

Danni Leigh

If it's true what they say about the past
Coming back around
Then it's just a matter of time
Before I get let down
Now I'm standing at the place
Where love could go either way
This time maybe
It won't go the same

(Chorus)

But if history will decide
That I'm a goner where I lie
Nothing's gonna change
This path leads right to pain
And I know it sounds cliché
That a new day will tell
But if history will decide
Then tomorrow looks like hell

I can't figure where to put the blame
For the life of me
'Cause love's never been hard to find
Just hard to keep
And any gambler knows
His chances before he rolls
And I keep betting my heart
On true love

(Repeat Chorus)

But if history will decide
Then tomorrow looks like hell
