

I Can Help You Find Your Heart

Danni Leigh

(Chorus)

I know that it's real
Every time you hold me
Can't hide the way I feel
Waiting on you to show me
I'm hoping that you'll tell me where to start
Honey I can help you find your heart

When I'm alone I sit and wonder
How much you really care
I worry if I tell you that I love you
Will I get nothing but a stare

(Repeat Chorus)

I'm aware your hearts been broken
Loving before brought misery
A wall around your heart will keep you lonely
Take a chance on me and just believe

(Repeat Chorus)

Honey I can help you find your heart
Yeah honey I can help you find your heart
