

I Thought Forever Was a Long, Long Time

Danni Leigh

You promised me forever
When I met you
You swore to me
You'd always be true
I must've been mistaken
Or you lied
I thought forever was a long, long time

I thought forever meant
You'd never leave
So now I'm uh
Sitting here alone
Happy ever after must be make believe
That fairytale ended long ago
I must've been mistaken
Or you lied
I thought forever was a long, long time

I thought forever meant
You'd never leave
So now I'm uh
Sitting here alone
Happy ever after must be make believe
That fairytale ended long ago
I must've been mistaken
Or you lied
I thought forever was a long, long time

I must've been mistaken
Or you lied
I thought forever was a long, long time
