

Quarter over You

Danni Leigh

(Chorus)

I'm a quarter over you
And I'm halfway down this bottle
Three quarters left for the jukebox
It's my last time to crawl
One more night of living
With the memory of your leaving
These heartbroke crying songs
Help my last teardrop fall

My whiskey ways
To shake these blues
I've been on this old barstool
A time or two
'Cause I went back
To play your fool
This time I'm one two-step away
From over you

(Repeat Chorus)

And I still feel
The pain inside
But it'll be gone
When my last tears cried
So when the hurtings done
I'll dry my eyes
And I'll leave here with my heart
At closing time

(Repeat Chorus)

These old heartbroke crying songs
Help my last teardrop fall
