

Shame on Me

Danni Leigh

(Chorus)

Shame on me
For making believe
You'd always need me
And never leave
I should have known
Your history
You could never stay true
Shame on me

From the sweet words that you told me
You made my heart come all undone
Tell me lee those lies would haunt me
I thought you were the one

(Repeat Chorus)

I heard the rumors spread about you
The careless way that you would love
Without a cause I couldn't doubt you
I didn't listen close enough

(Repeat Chorus)

You could never stay true
Shame on me
