## **Shiver Of Lonesome**

## Danni Leigh

Sometimes, in the middle of the day When the sun is high in the sky It can be a hundred degrees And a shiver of lonesome runs through me

And sometimes, in the dark of the night Covered up, safe and warm I can be fast asleep And a shiver of lonesome runs through me

Don't know why every time you cross my mind I can feel that old chill run down my spine I can know that I'm over you I can be so sure of myself Feel so free, then just one memory And a shiver of lonesome runs through me

Feel so free, then just one memory And a shiver of lonesome runs through me
