Teardrops, Teardrops

Danni Leigh

Teardrops, teardrops
Can't catch you, if you fall
Can't erase the memory
Of a love that's gone wrong
Can't chase away the misery
When it comes to call
Teardrops, teardrops
Do me no good at all

Nothin's lonelier than lonesome
Ain't nothin' good with goodbye
I just want the hurtin' to be over
But what's the use to sit and cry

Teardrops, teardrops
Can't catch you, if you fall
Can't erase the memory
Of a love that's gone wrong
Can't chase away the misery
When it comes to call
Teardrops, teardrops
Do me no good at all

Teardrops, teardrops
Can't catch you, if you fall
Can't erase the memory
Of a love that's gone wrong
Can't chase away the misery
When it comes to call
Teardrops, teardrops
Do me no good at all
Teardrops, teardrops
Do me no good at all
