

Was It Worth It to You?

Danni Leigh

I can't believe this
You just walked out
You gave no good reason
Left my mind spinning round
Why did you say
You were so satisfied
If you knew
Someday you'd just leave

(Chorus)

Was it worth it to you
To tell me your lies
And tear my poor heart it two
Was it easy for you
To see me break down and cry
Tell me was it worth it to you

For two years
I gave you
All that I had
Anything you want
No questions asked
I sacrificed
All of my pride
With nothing in return from you
Still you made me believe
Someday you'd change
But the truth is
I was your fool

(Repeat Chorus)

Was it easy for you
To see me break down and cry
Tell me was it worth it to you
Oh tell me was it worth it to you
