

## Feel Like I Do

Dannii Minogue

I'm happy bangin my feet  
I'm steppin up on the beat  
This music's stickin on me  
Now I wanna guilty pleasure

I see you're new at 'la suite'  
I'm up for breakin your beat  
So baby take it from me  
That I want you now or never

Give me heavy disco  
So we can take it to the floor  
You're my only way to let go  
Cuz I ain't got nothing to lose

Nobody knows you baby  
I'm coming over now  
And I got a feelin that you  
Feel like I do  
I want your number baby  
So write it down on me  
If you want what I want then you  
Feel like I do

I'll tell you all my secrets  
I want a night to regret  
Go some place not so crowded  
Somewhere we can talk about it

Give me the thrill of the chase  
Till I'm so outta my face  
That I won't care about it  
Send me into automatic

Give me heavy disco  
And we can take it to the floor  
You're my only way to let go  
Cuz I don't need nothin but you

Hangin round with you  
Kissin like a fool  
Leave my print on you  
Kiss me like a fool
