

Touch Me Like That

Dannii Minogue

Come and touch me like that
It feels so good make me feel alive
In and out up and down in the far inside
Im day dreaming about the two of us
Boy you make my heart go wild
So I can feel the exctasy
I wanna hold you so that
I wanna feel you in my arms
Your the one who can save me
Come and touch me like that
It feels so good
Makes me feel alive
Touch me, touch me
Come on and touch me
Come on and touch me
It feels so good
Come on and touche me
Oh come on and touch me
Come and touche me like that
It makes me so good alive
Come and touch me like that
In and out, up and down
Come on and touch me
Come and touch me
