Get what you want, not what you ask for
Sittin' on money, that's what I stand for
It ain't that deep, to be so shallow
Choose my path to walk, the straight narrow
(Ooh, step) Remember broke days, tryna get somethin', whole lotta nothin'
(Ooh, step) For the big bucks you can't play us I'm a make 'em pay up
Better wake up 'cause the weak stay sleep
When the money talk, listening ain't cheap
Fuck a Dr or a lawyer I'm the one they wanna be
Kids look up to me, role model from the streets
(Ooh, step) Run it up front
I'm a rock star, baby, so I get what I want
(Ooh, step) Run it up front
I'm a pop star, baby, so I get what I want

If I'm being honest
No matter what I do, all that I wanted
Was to be like you
Serial copycat, I want my money back
Come on and honestly
Tell me who you wanna be

What the hell is wrong with me?

Can't march to my tune with two left feet
Everybody love me only love myself
So they all want me like a bump on the key
Everybody knows me but I'm losin' myself
(Ooh, step) All I ever wanted was to be like you
So I'm doin' that too
(Ooh, step) Worldwide superstar
Fuck who you are in a new sports car?
Dance with the stars I'm a walk on the moon
Got my head in the clouds ain't coming back soon
Do what I do I'ma make my own rules
No lies I'm the truth when I step in that booth
(Ooh, step) Lookin' up stars
Just might go blond, can't block my charm
(Ooh, step) Lookin' up to stars
