

# Dance Wit Me

Danny Brown

Uh  
Yeah  
Dance wit me  
Yeah, yeah  
Uh, uh

Get up broke as fuck  
Do a blunt, gotta go to work  
Call in? No way  
Can't do it 'cause tonight I get paid  
And this that night where we get right  
Blowing that kush that tastes like Sprite

Really wanna quit, tell my boss eat a dick  
But I got light bills, phone bills

Feels like life going downhill  
So we chase these cheap thrills  
Fill voids of pain we feel  
Okay, okay, can't wait  
So hard to get through this day  
Been waiting all week for this chance  
To go out tonight and just dance

Just dance to me  
Uh, yeah, yeah, yeah

Get up drunk as fuck  
Kinda late, still gotta go to work  
Call in? No way  
Get fired if I miss another day  
And I hate when I wake in the day  
On the way to work, gotta think of lots to say  
Month been worse  
Feeling like I'm cursed  
Homeboy just took a ride in a hearse  
And I think life's ill, life's ill

Feels like life going downhill  
So we chase these cheap thrills  
Fill voids of pain we feel  
Okay, okay, can't wait  
So hard to get through this day  
Been waiting all week for this chance  
To go out tonight and just dance

Yeah, yeah, yeah  
Just dance wit me  
Just dance wit me  
Yeah, yeah  
Just dance wit me  
Yeah  
Just dance wit me  
Yeah, yeah
