

# Shake It Like A

Danny Brown

I feel it baby, do you feel it too?  
Growing now, growing now, growing now  
Move on my body like you're supposed to  
Like you're supposed to

Yeah, girl, shake it like a-  
Shake it like a-  
(Band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Cash)

Add a band to your life like a submarine boom  
I beat my own drum, dance to my own tune  
You're right, I choose, give a fuck about a trim  
Bitch, I'm all about the crew, motherfucker, new fringe  
Got bands and cliques, ten steps ahead  
You can cut that shit out, like Lil Wayne dread  
Gonna flip in an instant, you're on Ozempics  
Right out the trenches, swing for the fences

Shake it like a-  
(Band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Cash)

Yeah, shake it like a dog in the rain  
Whip your hair 'til it fails out, damage your brain  
'Cause the world is to blame that you fell outta grace  
Shake the pain from your face, now-now  
Yeah, girl, shake it like a-

I feel it baby, do you feel it too?  
Growing now, growing now, growing now  
Move on my body like you're supposed to  
Like you're supposed to  
Yeah, girl, shake it like a-  
(Like you're supposed to, like you're supposed to)  
Yeah, girl, shake it like a-  
Shake it like a-

Shake it like a-  
(Band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
Yeah, girl, shake it like a-  
Shake it like a-  
(Band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Yeah)

Keep it pushing like a planet, please  
Baby, you gotta get real dramatic like a movie scene (Yeah)  
I don't like it, I love it  
I-I want you to touch it and feel me up like the TSA, do it right (Yeah)  
Going all night, ain't putting up a fight  
Let your guard down, and just break it down  
I'm wide awake, gimme all like a tank  
Take no breaks when they see you shake  
I'm wide awake, gimme all like a tank  
Take no breaks when they see you shake  
Going all night, ain't putting up a fight  
So let your guard down-

Shake it like a-  
I feel it baby, do you feel it too?  
Growing now, growing now, growing now  
Move on my body like you're supposed to  
Like you're supposed to  
Yeah, girl, shake it like a-  
Shake it like a-

Shake it like a-  
(Band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
(Add a band to your life, ba-a-and to your life)  
Yeah girl, shake it like a- (Stop)  
I feel it baby, do you feel it too?  
Growing now, growing now, growing now  
Move on my body like you're supposed to
