Get Away

Danny Gokey

Well, I gotta get away
Just skip town with the top down
And drive all night
High time that I kick back and lose track
And get out of sight

Yeah, I'm caught in a state of emergency
I'm goin' down if I stay
Gotta get away

Feels like my head's in a vice
The big man standing there screamin'
This pressure, breakin' my mind
I'm done, I'm out, let me get back to
What this life is about

Well, I gotta get away
Just skip town with the top down
And drive all night
High time that I kick back and lose track
And get out of sight

Yeah, I'm caught in a state of emergency
I'm goin' down if I stay
Gotta get away

Yeah, gonna find me a sunset
And a cold drink on the beach somewhere
Get lost in a warm breeze with a sweet thing
Just get me there

I'm gone, no doubt
Gotta get back to
What this whole thing's about

Well, I gotta get away
Just skip town with the top down
And drive all night
High time that I kick back and lose track
And get out of sight

Yeah, I'm caught in a state of emergency
I'm goin' down if I stay
Gotta get away

Call me a missin' person
I really like the sound of that
Believe me I'm never comin' back
Oh, get away

Yeah, get away
Skip town, gonna drive all night
Kick back, and lose track, get outta sight
Yeah, I'm caught in a state of emergency
I'm goin' down if I stay

Well, I gotta get away

Just skip town with the top down
And drive all night
