

# Make A Difference

Danny Gokey

With open eyes, I'm walking to the light  
'Cause I've been sleeping way too long  
This blurry vision had me living blind  
Show me what's really going on

The world is in need right now  
It's time to let love be loud  
We gotta be what we preach about

We can make a difference  
We can do our talking with our hands and feet  
Love is on a mission  
Let the difference start with you and me

Finding what's broke so we can build it up  
Healing the ones that have been hurt  
Even a little just might be enough  
But first, we've got to get to work

The world is in need right now  
It's time to let love reach out  
And let them know what we're all about

We can make a difference  
We can do our talking with our hands and feet  
Love is on a mission  
Let the difference start with you and me

Hey, if you change a heart, you can change the world  
Gotta take a step or we'll never know  
What are we waiting for?

We can make a difference, hey  
(We can make a difference) We can make a, we can make it  
You can make it, I can make, oh

Let's get to work  
Let's get to work  
All the people say  
Ooh, ooh

We can make a difference  
We can do our talking with our hands and feet  
Love is on a mission (Love is on a mission)  
Let the difference start with you and me (Start with you and me, yeah)

If you change a heart, you can change the world  
Gotta take a step or we'll never know (Or we'll never know)  
What are we waiting for?

Let's get to work  
Let's get to work  
Let's get to work  
Let's get to work

We can make it  
You can make it

I can make
