

Schizophrenia

Danny Saucedo

Is that it ain't (schizophrenia)
Is that it ain't
Is that it ain't (schizophrenia)
Is what you're giving to me

Committed heart
And then walk away

Become a pattern to me
Promise the world and then afraid

Yeah, that's my reality

I was ready
The whole thing to live and die for

How can you look
Yourself in the eyes
A baggage full□
Of bullshit and lies
Pathetic disguise
Is given to me
Is that it ain't
Schizophrenia

It drives me crazy
It drives me crazy
Pathetic disguise
All bullshit and lies
It drives me crazy
It drives me crazy
Is that it ain't
Schizophrenia

Giving it□ all
I got nothing back
Are you enjoying the game?
What we had was often a bit of drag
By a ramp or the frame?

I was ready the whole thing
To live and die for

How can you look
Yourself in the eyes
A baggage full□
Of bullshit and lies
Pathetic disguise
Is given to me
Is that it ain't
Schizophrenia

It drives me crazy
It drives me crazy
Pathetic disguise
All bullshit and lies
It drives me crazy

It drives me crazy
Is that it ain't
Schizophrenia

How can you look
Yourself in the eyes
A baggage full□
Of bullshit and lies

Is given to me
Is that it ain't
Schizophrenia

How can you look
Yourself in the eyes
A baggage full□
Of bullshit and lies
Pathetic disguise
Is given to me
Is that it ain't
Schizophrenia
