

# Beauville

Danny Vera

We sure didn't have a lot to say  
When we drove back the other day  
It seemed we didn't talk for hours  
We were king of the road  
The highway was ours

Every time when we're so far away  
We think of home, our favorite place  
Another life passed by us  
While we're moving on  
Let's take the Beauville home

The road seems to go on forever  
We keep it quiet, that's for the better  
The radio's playing the same songs  
While we're moving on  
Let's take the Beauville home

We sure didn't have a lot to say  
When we drove back the other day  
Another life passed by us  
While we're moving on  
Let's take the Beauville home

Sharing a moment with the sun in our eyes  
Looking down life road and agree it's alright
