

Firefly

Danny Vera

Burn, burn, burn Mr. Firefly
In the dark, dark night while the sky cries
As I look up you're dancin' round the old tree
In some old morse code you're something telling me
Short and long flashes in this warm damn night
I'm puzzled what you're saying Mr. Fi-Fi Firefly
Fi-Fi Firefly

Go, go, go Mr. Firefly
Fly away 'cause you can't hide
Through the rough and the tough you're like a beacon at sea
Cause your guiding light brought a home to me
Short and long flashes in this warm damn night
Still puzzled what you're saying Mr. Fi-Fi Firefly
Fi-Fi Firefly

Burn, burn, burn Mr. Firefly
In the dark, dark night while the sky cries
As I look up you're dancin' round the old tree
In some old morse code you're something telling me
Short and long flashes in this warm damn night
I'm puzzled what you're saying Mr. Fi-Fi Firefly
Fi-Fi Firefly

Burn, burn, burn
Burn, baby, burn
Burn, baby, burn
Burn, burn
Burn, baby, burn
Burn, burn
Burn, burn
Burn, burn
Burn, burn
Burn, burn
Burn, burn
