

## First Time

Danny Vera

You're getting upset by something he said  
But you think of him when you're lying in bed  
Is he breaking your heart when he won't show up at your first date  
And you don't understand why he never calls back

Did you do something wrong, did you make a mistake  
He won't go out of your head  
Was it something you said or is it too late

You're falling in love for the first time  
You're sure it's ok, 'cause you know it's the last time  
You're falling in love for the first time

You see him at school with some other girl  
He's laughing with her while you are trying to learn  
Is he letting you down, is he making you cry sometimes  
Does he not understand that he's hurting you bad

Did you do something wrong, did you make a mistake  
He won't go out of your head  
Was it something you said or is it too late

You're falling in love for the first time  
You're sure it's ok, 'cause you know it's the last time  
You're falling in love for the first time

You're falling in love for the first time  
You're sure it's ok, 'cause you know it's the last time  
You're falling in love for the first time

You're getting upset by something he said  
But you think of him when you're lying in bed

You're falling in love for the first time  
You're sure it's ok, 'cause you know it's the last time  
You're falling in love for the first time

You're falling in love for the first time  
You're sure it's ok, 'cause you know it's the last time  
You're falling in love for the first time

Come on now, let me take you home now
