

Hold On A While

Danny Vera

Do you remember last night
All of the things that we said
They didn't seem wrong at that time
Hold on a while

I still remember your face
And that same look in your eyes
Now baby let's give this a chance
Hold on a while

Hold on a while
Forget everything I'm gonna say
Now baby, I don't wanna fight
Hold on a while

I think tomorrow will change
Everything we did wrong
Now honey let's put things aside
And hold on a while

Hold on a while
Forget everything I'm gonna say
Now baby, I don't wanna fight
Hold on a while

Do you remember last night
All of the things that we said
Now baby let's give this a chance
And hold on a while

Hold on a while
Forget everything I'm gonna say
Now baby I don't wanna fight
Hold on a while
Hold on a while
