

Leave Me Alone

Danny Vera

Leave a message when you leave
Leave a message at the door
I'll keep my fingers crossed
I'll keep my fingers crossed once more

You don't have to say that you're sorry
You don't have to be alone

I'll be home on time
I'll be home on time, I know
Don't wait up for me
Don't wait up for me, just don't

So when your dreams come and take you away
You don't have to be afraid

Leave me, leave me alone
Leave me, leave me alone
Close your eyes once more
You won't be scared I'm sure

Why are you so upset
Think of all you've had
Keep your head up high
And keep your dreams alive

Leave me, leave me alone
Leave me, leave me alone
Don't be scared no more
Close your eyes once more

Leave me, leave me alone
Leave me, leave me alone
