

# Speechless

Danny Vera

Was I falling down  
I feel I'm getting weaker now  
Abandoning my true self  
Search for another me, a better me, just let me be

Standing there before you  
I cry but I don't want to  
I should have walked away  
Speechless without you  
I am blinded by what's true

Never be confused  
But what'll come and what'll go, 'cause you never know  
I'm finding out the truth  
For what it's worth  
So I will know what you've been told, so lies don't grow

Standing there before you  
I cry but I don't want to  
I should have walked away  
I should have walked away  
Speechless without you  
I am blinded by what's true

Standing there before you  
I cry but I don't want to  
Speechless without you  
I am blinded by what's true  
Speechless without you  
I am blinded by what's true
