

# That Midnight Thang

Danny Vera

I was always waiting on that midnight thang  
Thought that something was wrong with me

I was hangin' on the corner of every night  
I heard people say to me  
You're only here to get wasted  
You're only here to get wasted

But I won't hang around too long  
In the morning I'll be gone  
Cause daylight don't got nothing on me  
The light's too bright my eyes can't see

I'm addicted to that midnight thang  
Ooh I'm addicted to that midnight thang  
So excited what the night will bring  
Don't wanna miss a minute of that midnight thang

I was always waiting on that midnight thang  
I thought the day would last too long

I'd lose my patience, while waiting on the sun to go down  
It was the night were I belonged  
It was a time to get wasted  
It was a time to get wasted

I didn't hang around too long  
In the morning I'd be gone

Cause daylight don't got nothing on me  
The light's too bright my eyes can't see

I'm addicted to that midnight thang  
Ooh I'm addicted to that midnight thang  
So excited what the night will bring  
Don't wanna miss a minute of that midnight thang

I didn't hang around too long  
In the morning I'd be gone

Cause daylight don't got nothing on me  
The light's too bright my eyes can't see

I'm addicted to that midnight thang  
Ooh I'm addicted to that midnight thang  
So excited what the night will bring  
Don't wanna miss a minute of that midnight thang

So excited what the night will bring  
Don't wanna miss a minute of that midnight thang
