

The Lucky Strike Girl

Danny Vera

Today I know the difference
Today I was wrong
Today I know the difference
Today I'm not that strong
If you go out of my life

Today there were no phone calls
Or other things from you
I can't go on without you
Don't you feel the same way, too
If you go out of my life

Today there were no phone calls
Or other things from you
I can't go on without you
Don't you feel the same way too
If you go out of my life

Maybe it is time to be alone again
And maybe it is time to go our separate ways
And maybe what we've got ain't never, no never ever gonna die
Never gonna die
If you go out of my life

Today I know the difference
Today I was wrong
Today I know the difference
Maybe I'm not that strong
