

Wrong

Danny Vera

I've been wrong
I've been wrong every time, 'cause I thought that the lies were
all gone
I was wrong

To concede I was wrong, I'm admitting my faults
The decisions I made weren't the right ones to take all along
I was wrong

I've been wrong all the time, 'cause I didn't see your plans th
at betrayed me
I thought I would have seen it in your eyes, why you'd turn the
other way just to fake it
I've been wrong all the time and it's hard to believe it was so
easy
To convince me that my truth was so wrong, but I knew all along
you aimed a gun to my head with no bullets

I realized I was wrong, I'm explaining my thoughts
Thought that I could believe you weren't looking for a dark sid
e in me, oh no
I was wrong

I've been wrong all the time, 'cause I didn't see your plans th
at betrayed me
I thought I would have seen it in your eyes, why you'd turn the
other way just to fake it
I've been wrong all the time and it's hard to believe it was so
easy
To convince me that my truth was so wrong, but I knew all along
you aimed a gun to my head with no bullets

Just a matter of time, I'm taking back what is mine
You will pay for your sins
I will hear you begging "no more"
You were wrong
