

## **circles**

**Dante Bowe**

You might not believe it  
But everybody got a story to tell  
Of circles, circles  
Around and 'round they go  
At night, if you're crying  
Feeling like you're going through hell  
That's just circles, circles  
Around and 'round they go

He's a God of the circles  
He's a God of the ups and downs  
Ain't nothing new under the sun  
Ain't nothing new to the Son  
He's a God in the trials  
He's a God in the meltdowns  
Ain't nothing new under the sun  
Ain't nothing new to the Son  
We all go through circles  
'Round and 'round we go

He's a God of the circles  
He's a God of the ups and downs  
Ain't nothing new under the sun  
Ain't nothing new to the Son  
He's a God in the trials  
He's a God in the meltdowns  
Ain't nothing new under the sun  
Ain't nothing new to the Son  
We all go through circles, yeah  
We can't escape the circles, ooh-oh  
We all go through circles, yeah  
'Round and 'round we go
