

Joyful (Yeah, haha, yeah, yeah)
Joyful (Today, today)

Said I woke up to the summer shining through
Calling all my friends, asking what's the mood
Feeling a little different, I'm on something new (Today, today)
I ain't gon' let no clouds get in my way
The only road I'm walkin' is the one I pave
Catch me sittin' in the sun, no time for shade (Today, today)

Ooh, this is the day that the Lord has made
Ooh, and I ain't gon' let it slip away

I'm gonna be joyful (Joyful)
Yes, I am
Yes, I am
I'm gonna be joyful today (Joyful, today today)
I'm gonna be joyful (Joyful)
Ooh, I'm gonna be, I'm gonna, gonna be joyful (Joyful, today, today)

Uh, I get that feeling that you get when you get new kicks
Bell ringing on the last day of senior year
High-fiving everybody but we outta here (Today, today)
So fast, life comes and goes
Make it last, best slow your roll
They don't take it, that's a choice but you gotta know
That today's the day

Ooh, this is the day that the Lord has made
Ooh, and I ain't gon' let it slip away, nah

I'm gonna be joyful (Joyful)
Ooh
Gonna be, I'm gonna be joyful today (Joyful, today today)
I'm gonna be joyful (Joyful)
Yes, I am
Yes, I am
I'm gonna be joyful (Joyful)
Today, today

I got the joy, joy
Down in my heart
Down in my heart
Down in my heart
I got the joy, joy
Down in my heart
Down in my heart
Down in my heart
I got the J-O-Y
Down in my heart
Down in my heart
Down in my
I got the joy, joy
Down in my heart
Today, today
