

Yeah, yeah

I'm sorry 'bout Saturday

I'm asking myself questions like (Nah)

When was the last time that I took a

Break at home from work? (I need it)

Sweatpants and a T-shirt (I need it)

I'ma have to rain check on Saturday, I'm

Busier than I (Oops) thought I would be (I)

Hope you understand

That I made other plans for just me (I made other plans, just me)

(Na, na)

I don't need nobody else, just me (Na, na, na)

Can do it all by myself, just me (Na, na)

I don't need nobody's help, just me (Na, na, na)

Oh yeah, it's just me (Woo)

I might play a song on my piano

Or take a walk around the mall

Treat myself to dinner at my favorite restaurant

Or turn off my iPhone

I might ride my bike around that lake a few times, it's

Good to get a little sun

I'ma take a drive down to the beach

I hope you understand that I made other plans

And it's just me

Yeah (Na, na)

I don't need nobody else, just me (Na, na, na)

Uh-oh, I can do it all by myself, just me (Na, na)

I don't need nobody's help, oh, it's just me (Na, na, na)

Today, it's just me (Yeah, haha)

I'ma take a break, I'ma take a break

Dealin' with a mind ain't nothing to play with

I'ma need some space, I'ma need some space

Dealin' with a heart ain't nothing to play with

Oh, I'ma get away, know I need to pray

Dealin' with a mind ain't nothing to play with

I just need a day, just give me a day

Dealin' with a heart ain't nothing to play with

Well, it's just me (Na, na)

Oh, I don't need nobody else

While it's just me (Na, na, na)

I can do it all by myself while it's just me (Na, na)

I don't need nobody's help (Oh, it's just me)

It's just me (Na, na, na)

Well, it's just me

I done made other plans and it's just me (Just me, just me)
