

# None Like You

Dante Bowe

You shatter rocks with a whisper  
You hang the stars with Your hand  
Your word is infinite wisdom  
And Your ways are higher than man's

Seasons obey your commandments  
Your thunder puts armies to flight  
No one can fathom Your power  
Your voice is the wellspring of life

There is none like You  
You alone are worthy of all  
Honor and praise  
There's no other name

You rule the nations with justice  
With mercy You pull back the night  
Blameless You bore our transgressions  
Became sin that we should not die

Darkness can't hinder Your progress  
For You triumphed over the grave  
Your throne is established forever  
From Zion the Lord God will reign

Jesus  
Jesus  
The name above all other names

No other name can save me  
No other name can restore  
No other name can heal my heart  
No other name but yours
