

# Take Me Up

Dante Bowe

You know, I like it when you talk to me in the middle of the night  
When I'm feeling all alone  
And now I'm able to be myself around you  
No matter if I'm right or wrong  
We're a long way from where we started  
Who cares if we leave brokenhearted  
At least we're not alone

You take me up  
Higher-higher, higher-higher, you take me  
Higher-higher  
Fire-fire, pure desire, you take me  
Higher-higher  
Ooh, ooh, tú me lleva higher, higher  
Ooh, ooh, tú me lleva higher, higher

Everybody's got opinions, but we'll just wait and see  
Dancing how you did all last year  
Made us all believe  
You've got that motion, motion  
My cure, my harmony

You take me up  
Higher-higher, higher-higher, you take me  
Higher-higher  
Fire-fire, pure desire, you take me  
Higher-higher  
Ooh, ooh, tú me lleva higher, higher  
Ooh, ooh, tú me lleva higher, higher

Who taught you to be this cool  
Some days I can't make sense of it  
I've had a doubt or two  
But you've proved me wrong, oh I admit it  
Ooh, ooh  
I love, I love it (Tú me lleva higher, higher)  
I love it, I love it  
I love it, I love it (Tú me lleva higher, higher)

You take me up  
Higher-higher, higher-higher, you take me  
Higher-higher  
Fire-fire, pure desire, you take me  
Higher-higher  
Ooh, ooh, tú me lleva higher, higher  
Ooh, ooh, tú me lleva higher, higher
