

Wind Me Up

Dante Bowe

DB feature Anthony B we say
Ya ga yo, ya ya ga yo
Ya ga yo, ya ya ga yo yo
Ya ga yo, ya ya ga yo
Ya ga yo, Ya ga yo yo

Where are you now?
Now that I need you the most, you can't be found
And all you ever wated to do is break me down
No more fallin' out into pieces
No, I ain't falling, not into pieces
Uh, I ain't really trying to let it go
I know I've told you once before
Even if I'm walkin' out the door
You know I'm coming back for sure

Ooh-la-la-la-la
Everybody's got their problems
Oh, but if we got the power to solve 'em
I know that you'll just

Wind me up
Wind me up
When I get real low
Pick me up
Remind my mind I am enough
Don't put and leave when it gets rough
Show me love, show me love
Don't criticize me
Not too much
Communication, please, for once
Give me your passion, gain me trust

Well, I broke down in my foreign car
I didn't know who to call
Are we even anything at all?
Or do you want to hold me?
Find the rhytm through it all
Move, move, move
We can't lose the groove
Oh, I didn't tell you?
I don't really want to let this go
I know I told you once before
Even if I'm walking out the door
You know I'm coming back for sure

Ooh-la-la-la-la
Everybody's got their problems
Oh, but if we got the power to solve 'em
I know that you'll just

Wind me up
Wind me up
When I get real low
Pick me up
Remind my mind I am enough
Don't put and leave when it gets rough

Show me love, show me love
Don't criticize me
Not too much
Communication, please, for once
Give me your passion, gain me trust

Come on and
Show me, show me, show me, show me, show me love, girl
You take my mind into a next world
You're the best love me ever get
And I don't want you as my ex-girl
Show me, show me, show me, show me, show me love girl
You take my mind into a next world
Loving you is not a contest
So right now me have to confess
We got no reason to fight, baby
I might be wrong, but I know you are the right lady
Just come hold me tight, baby
You are the only girl which have the eye crazy
So me I'm gon' tell you tonight
You're the only one me need in my life
'Cause I see you on the scene, with my team
As the woman of my dream, and my queen, and my wife
Yeah, so I need you in my life
You're the only woman ever make me feel so nice
'Cause from the day you come in, come in show me what love means
Me can't get you out of me sight
So when I say I love you, it is no laughter
You're essential to me life like water
You make me wanna find a church and a pasta'
And go sing, "Happy eva after"

I know that you'll just
Wind me up (Yeah)
Wind me up (Oh, yeah)
When I get real low
Pick me up
Remind my mind I am enough
Don't up and leave when it gets rough
Show me love, show me love
Don't criticize me
Not too much
Communication, please, for once
Give me your passion, give me trust
