

## Love Effect

Dante Thomas

Don't know what I'd do without you  
You are my love, I can't stop thinking 'bout you  
You're always in my heart, in my soul  
You're like a diamond, you're all that I know

My feelings are going down and you just wanna walk away  
Give me a kiss before you go, you tell me stay away  
Your tears are falling down, you're feeling this now  
It's your destructive love, you don't wanna turn around

Take me back, take me back, how can we get back?  
Just wanna say something, it was love effect  
I wanna look into your eyes, you're the only one  
I didn't find you with me, my soul is broken down  
Take me back, take me back, how can we get back?  
Just wanna say something, it was love effect  
I wanna look into your eyes, you're the only one  
I didn't find you with me, my soul is broken down

Don't know what I'd do without you  
You are my love, I can't stop thinking 'bout you  
You're always in my heart, in my soul  
You're like a diamond, you're all that I know

You never held me, you never said goodbye  
Was living for your dreams, I never told you lies  
You're still my life, you are the one, don't go away from me  
My love is broken now, try again to follow me

Take me back, take me back, how can we get back?  
Just wanna say something, it was love effect  
I wanna look into your eyes, you're the only one  
I didn't find you with me, my soul is broken down  
Take me back, take me back, how can we get back?  
Just wanna say something, it was love effect  
I wanna look into your eyes, you're the only one  
I didn't find you with me, my soul is broken down

Don't know what I'd do without you  
You are my love, I can't stop thinking 'bout you  
You're always in my heart, in my soul  
You're like a diamond, you're all that I know  
Don't know what I'd do without you  
You are my love, I can't stop thinking 'bout you  
You're always in my heart, in my soul  
You're like a diamond, you're all that I know  
All that I know

You ask me why, don't you know you are still in my mind?  
Never thought you'll be back in this crazy time  
I wanna hug you so much but this love effect  
Love effect, love effect

Don't know what I'd do without you  
You are my love, I can't stop thinking 'bout you  
You're always in my heart, in my soul  
You're like a diamond, you're all that I know

Don't know what I'd do without you  
You are my love, I can't stop thinking 'bout you  
You're always in my heart, in my soul  
You're like a diamond, you're all that I know  
All that I know
