

Home Again

Danzel

Shattered faces look at me, I don't know who they are
If I could just remember when and where we failed.
A broken barrel down the street, reminds me of our love
It shows that something strong eventually can break down.

Over and over I come running,
But over and over there's a look inside your eyes
Saying you're sorry but you'll never take me ...

Home again, to where our love was pure and simple
Home again, where we could talk about our dreams.
Babe, I hope someday you'll take me home again
Give me one more chance and save my soul.

Don't you ever dream about the way it used to be
How we talked for hours underneath the moonlight.
That same old light is still up there, it waits for you and me
To go back to where two shadows became one.

Over and over I am dying,
Cuz over and over there's that look inside your eyes
Saying you're sorry but you cannot take me ...

Home again, to where our love was pure and simple
Home again, where we could talk about our dreams.
Babe, I hope someday you'll take me home again
Give me one more chance and save my ...
Home again, to where our love was pure and simple
Home again, where we could talk about our dreams.
Babe, I hope someday you'll take me home again
Give me one more chance and save my soul.
Save my soul, please give me one more chance,
Please give me one more chance and save my soul ...

Save my soul ...
