

My Arms Keep Missing You

Danzel

Ref (4x)

My arms keep missing you
Who's been kissing you
since you went away
My arms keep missing you
I keep wishing you
come back today

I keep telling myself it's all right
Even though I cry
there's no question why
How could I be happy when

Ref(1x)

My arms keep missing you
Who's been kissing you
since you went away
My arms keep missing you
I keep wishing you
come back today

My Arms
My Arms
My Arms
My Arms
In My Arms
My Arms
My Arms
My Arms

I keep telling myself it's all right
Even though I cry
there's no question why
How could I be happy when

Ref(5x)

My arms keep missing you
Who's been kissing you
since you went away
My arms keep missing you
I keep wishing you
come back today
