East Indian Devil (Kali's Song)

Free, I'm alive, yeah All that I am Know that I've woken All of my senses

Now I'm half-burning Flames out my eyes From my darkness Close by my side, yeah

And lo' see my cold dance

From my darkness Culled from my pride, yeah Down in the blindness Form latent hides

Dual is my aspect Cool to the touch Drink from my warm cup Life is the blood, yeah

Now I'm alive, yeah All things I am In blood I have tasted All that I am

In love and blood
In love and blood, yeah
