

## Hand Of Doom

Danzig

Slip the knife right in  
Blood is running red  
Cut the stomach right  
I start to crawl inside

Pull the skin apart  
Now it's getting hard  
Start to slip right in  
Blood is getting thin

See the world surround  
Watch the bloody ground  
Put her in the ground  
Her cum is all around

Put my finger in  
It's just a little thing  
When I take it out  
It's in a bloody mouth

Make my dying bride  
I part the bloody hide  
Put my dick right in  
Her cum is getting thin
