Skulls & Daisies

Danzig

Down Louisiana, alligator roam and prey
Tonton bring the nighttime, Baron Samedi
Girl Gina Lonely, ain't got her no man
Would've liked to come and see her bloody dance
Would've liked to come and see her bloody dance

Say that Creole girl, had a house up on the hill
Picking skulls and daisies, voodoo dolls and sin
Name of Gina Lonely, ain't got her no man
Would've liked to come and see her once again
Would've liked to come and see her once again

Dagger through the heart'll drive you crazy
Dagger through the heart drive you insane
Spirits of the night can make you lonely
Dagger through the heart drive you insane

Hey that Creole girl, got a house up on the hill
Picking skulls and daisies, voodoo dolls and sin
Hey why Gina Lonely, and she ain't got her no man
Would've liked to come and see her once again
Would've liked to come and see her once again

Dagger through the heart'll drive you crazy
Dagger through the heart drive you insane
Spirits of the night can make you lonely
Dagger through the heart drive you insane

Dagger through the heart'll drive you crazy
Dagger through the heart drive you insane
Spirits of the night can make you lonely
Dagger through the heart drive you insane
